ISO 9001: 2008 CERTIFICATION (MULTISITE) at BANK SUMSELBABEL

Bank Sumsel Babel, a leading regional bank in Indonesia and among the top 5 best domestic banks in Indonesia in 2012, has announced its award of ISO 9001 certification for its Quality Management System with the scope headquarters and 23 branch offices with multisite application system, with Certificate. This company was certified by QS on 24-28 June 2013.

In the opening meeting, Mr. Ismail Saleh as Management Representative and Marketing Director at Bank Sumsel Babel said that the Bank was committed to providing excellent banking services to its customers, so that ISO 9001 certification was required both internally and externally.

Implementation of the ISO 9001 standard will strengthen existing banking services such as 'sunny service' and make continual improvements in the

customer service section, information technology, credit services, cash services and will strengthen infrastructure. The closing meeting was attended by representatives of the divisions and branches and was officially closed by Mr. Mertolihan as Compliance Director. He urged all interested parties to accept the ISO 9001 commitment in all aspects of work and make it part of the corporate culture.

Next year, 8 branches will be monitored to provide a reference for implementation of the standard and the bank's sustainable commitment to the quality management system.

Quality Service Hanseatic e. K.

FIRST GERMAN ROPE ACCESS SPECIALISTS TO BE CERTIFIED BY QS TO OHSAS 18001: 2007

top – work – team is the first rope access company anywhere in Germany to be certified to OHSAS 18001: 2007.

As a pioneer on the rope access scene, owner Benedikt Goldbeck sets new standards in this sector through certification of his management of health and safety at work.

Health and safety at work has the same priority rating as a corporate aim as expanding market share and achieving commercial success.

The whole workforce embraces and works towards these aims, and benefits from our unwavering approach to health and safety at work. With prevention at the core of our safety philosophy, every member of our workforce is involved in the implementation and improvement of all safety-relevant subjects and topics.

We do not regard health and safety merely as a routine working practice. Rather than that, we expect all our workforce to have an active commitment to all aspects of it.

To climb with confidence and get back to earth unharmed, there can be absolutely no compromises.

Successful second international meeting of partners

With an attendance of 36 from 16 countries, the QS Zürich Group's partner meeting was held from 26th to 30th May 2013.

Intensive workshops addressed the latest requirements in terms of accreditation, auditor qualifications and audit reporting for both management system and product certifications.
